SUSTAINABLE MEDITERRANEAN CONSTRUCTION  
LAND CULTURE, RESEARCH AND TECHNOLOGY

FOCUS ON

## BIOTIC / A-BIOTIC

N. TEN  
2019

LUCIANO EDITORE

SMC - Official Magazine of the SMC (Sustainable Mediterranean Construction) Association - Online Edition: <http://www.sustainablemediterraneanconstruction.eu> - Autorizzazione del Tribunale di Napoli n. 29 del 09/06/2014.

- 005\_ VIEW\_City, Nature and Design  
*Dora Francese*
- 021\_ BOARDS AND INFORMATION
- FOCUS ON BIOTIC / A-BIOTIC
- 023\_ Cities designed as ecosystems: the new challenge for urban architectural design  
*Georgia Cheircanteri*
- 028\_ Biomimetic of xerophilous plants in the design of water storage systems  
*Wedsley Melo, Itamar Silva, Pablo Torres*
- 033\_ Human and Mediterranean environment: biotic interactions in the rural districts of Cilento  
*Giuseppe Vaccaro*
- 040\_ Importance of green spaces in planning sustainable urban areas  
*Lea Petrović Krajnik, Vedrana Kržanić, Damir Krajnik*
- 047\_ Application and benefits of Mediterranean green streets  
*Renata Valente, Salvatore Cozzolino, Pietro Ferrara*
- 054\_ The microclimatic contribution of urban green fraction: case study: Medellin, Colombia  
*Ricardo Ramírez-Naranjo, María Alejandra Herrera-Hurtado*
- 060\_ The city is growing up: agriculture and urban regeneration  
*Alessandra Battisti*
- 069\_ Path for the river rebirth of Olona Valley  
*Daniele Fanzini, Raffaella Riva, Raul Dal Santo*
- 074\_ Sustainable recovery: water as a source of territorial valorization  
*Chiara Marchionni, Marianna Rotilio, Pierluigi De Bernardinis*
- 079\_ The role of water in the environmental design of urban space  
*Laura Daglio, Elena Mussinelli*
- 084\_ The practical aspect of teaching and research: a laboratory with natural materials in the Federal University of Pelotas  
*Sara Parlato, Ricardo Luis Sampaio Pintado*
- 088\_ The historical city of Sfax-Tunisia: Valorization of the traditional building stone  
*Ben Ali Fouad, Raida Kchaw, Ali Abdelmônem Zribi*
- 093\_ Simulation tools for energy performance evaluation on early stage of architectural design in academic context  
*Paulo Mendonça, Nzar Faiq, Jorge Fernandes, Ricardo Mateus*
- 100\_ Adaptive retrofitting strategies for social and ecological balance in urban Mediterranean area  
*Cristiana Cellucci*
- 105\_ Sustainable building materials for touristic Mediterranean infrastructures  
*Anna Maria Giovenale, Elisa Pennacchia, Fabrizio Cumo, Federico Cinquepalmi*
- 110\_ Climate change adaptation and vegetation: the case Ufa fabric  
*Federica Dell'Acqua*
- 116\_ Palermo garden of Sicily  
*Tiziana Firrone, Carmelo Bustinto*
- 125\_ The design of biotic environment for balancing urban microclimate  
*Fabrizio Tucci, Domenico D'Olimpio*
- 131\_ Sustainable materials for the design of the city: eco-compounds with recycled materials for the realization of urban flooring  
*Mercedes del Río Merino, Jaime Santa Cruz Astorqui, Veronica Vitiello, Roberto Castelluccio, Paola Villoria*
- 136\_ Feasibility Study of a Low Carbon House in Tabriz, Iran  
*Sanaz Hariri Shabestari, Hossein Mirzaii*
- 140\_ The Kessariani Monastery: a significant testimony of Byzantine architecture  
*Emanuele La Mantia*
- 146\_ The contribution of the park trees to the adaptation of a city to climate change: the case of Thessaloniki  
*D. N. Papagiannopoulou, T. K. Tsitsoni, A. B. Kontogianni*

## PHD RESULTS

- 151\_ Urban Ecclesiastical Ruins and the biotic and abiotic environment in Smaller Urban Center  
*Lorenzo Gargano*
- 152\_ Waste management and health risks in rural communities of Ghana  
*Giovanni Vinti*
- 153\_ Sustainable management of stormwater in a changing environment under Mediterranean climate conditions  
*Mirka Mobilia*
- 154\_ Trend analysis of the year-to-year rainfall variability under a Mediterranean climate in southern Italy  
*Ouafik Boulariah*
- 155\_ Learning from experimental data the hydrological behaviour of a green roof in a typical Mediterranean environment: climate, soil moisture and drainage layer properties impact  
*Roberta D'Ambrosio*
- 156\_ SuDS and mitigation of urban flooding: a new challenge  
*Roberta D'Ambrosio*
- 157\_ Field Architectures. The ecologies of rural settlement in Sardinia: an atlas of field architectures  
*Roberto Sanna*
- 158\_ Challenges of solid waste recycling system in Jordan: a focus on plastic and paper waste recovery in Irbid  
*Silvia Gibellini*
